3 Loaded straight leg stretch

4 ROUNDS · 30S HOLD + 20S DEEPER · REST 30S

- Stand on a bench holding a 25 to 35 lb dumbbell.
- Let the dumbbell pull you down. Don't push yet. Hold 30s.
- Reach down with it as far as you can handle. Hold 20s. Shake out, rest 30s.

4 Pulses

4 ROUNDS · 10 PULSES · REST 30S

- On the bench, reach down as far as you can.
- Do 10 quick dips just past that point and back up.
- Always last, once you're fully warmed up.
